

# College Recommendation Letter

To Whom This May Concern,

My name is Nelson Gallardo, Student assistant. I am proud to offer my recommendation of Jose. Manzano, whom I have personally known for 2 years as Jose's teacher at STAR.

During my relationship with Jose, I have witnessed a model student who prioritizes and excels at scholastic and extracurricular activities alike. Jose works hard to achieve their goals all the while. fulfilling responsibilities as a student, family member, and overall individual. In every interaction I have experienced, Jose has presented themselves with a polite demeanor and a levelheadedness in judgment rarely seen in others of similar age. Above all else, Jose is a devout student who has a bright future ahead. I am confident Jose will be a great fit at this college, and I give my highest recommendation.

## Other Abilities

In my opinion he also was active in classes and as my student assistant, usually he used to bring material for help their classmates.

If you have any requests or questions about Jose, please do not hesitate to contact me.

Respectfully,

Best,
